Resort Summary	Kitty Hawk Kites is 44 years old. It started as a hang-gliding school and has grown to include multiple retail stores spread throughout the Outer Banks, and other states. We offer our employees free dune hang gliding, kayaking, and wall climbing. This is a fun area with beautiful beaches and many things to see and do. However, it is an expensive resort area. Upon arrival to Kitty Hawk, you will be placed at a store location. Stores are within 100 miles of each other and housing will be comparable for each location. Because we do cover so many locations - while

some of the amenities listed above are in walking distance for some locations, others may be driving distance away. Also, it is a beach resort community, not a big city, and there are no all-night nightclubs.
